How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the stomach and bowels.

W. J. McElroy, Macon, Ga.

SIGNS.

By his eyes I know just when
He's most charming among men;
Pray, do you?
When he looks with kindly gaze,
Then I know he means me praise—
That is true.

When his eyelids closer fold
I am sure his heart is cold
(By love's charm)
And his thoughts are wandering far,
Though he says "You are the star
Of my heart."

By his eyes I know just when
He's most charming among men;
And the strange
In love's lore I am so wise
I can fathom, by his eyes,
Every change.

American Girls Abroad.

American girls, like American men and women, go about the world, be it the round world or just a little round of their own, with their eyes wide open and their minds expanded sufficiently to receive such new ideas and new phases of life as may present themselves, and to judge them upon their merits, without too much reliance upon tradition and precedent. When American girls set the fashion of traveling, either in companies or alone, without a chaperon, they were looked upon abroad as either so eccentric as to be almost mad, or so bold as to be almost improper. Correct English matrons regarded them at first as "stony British stars" which included accusation, condemnation and sentence of social ostracism all in one, but the American girl gazed calmly past the British matron at Mont Blanc or the dome of St. Peter's, or whatever she had "come out for to see," and never knew that she was ostracized.

The Frenchman, full fed with the milk of etiquette, tradition and those social restrictions sometimes very necessary in his own land, twined his mustache, smiled agreeably and followed her from picture to picture as she conscientiously "did" the Louvre or Notre Dame, but the American girl either did not notice him at all or walked around and past him as if he were some inanimate obstruction; or, if he were very much in the way, bestowed upon him one of those calm, cold and judicial regards so effective from the pure eyes of a young girl and so quenching to the pretensions of a coxcomb.—Mrs. Frank Leslie in Ladies' Home Journal.

THE BIG LAGOON.

An Interesting Formation on the Northern Coast of California.

On the northern coast of California, some thirty miles below the mouth of the Klamath river, is one of the most interesting natural formations to be found in this country, known as the Big Lagoon. Here the coast, which runs north and south up to this point, takes a sharp turn inland, bordered by very high hills, running to a distance of about three miles, then turning out again makes a sharp bay almost V shaped, and for ages past a sand bar has been washing itself up across this bay until the bar has raised up out of the water some ten or twelve feet, having a width of about 100 feet and a length of four miles, reaching across the entire bay.

This bar is in the shape of a roof. When there is a storm the breakers will roll up one side of it, break over, and run down into the bay inside, and it is a novel sight to stand there and watch the waves, mountain high on one side and perfectly calm on the other, the line between the two at intervals hidden altogether.

This bar is a sort of short cut and can be traversed on horseback. In a storm the horseman will one minute be high and dry on land, the next minute a large wave will roll up and running under the horse's feet to the depth of a foot or more, the rider will be for an instant four miles or so at sea on horseback, with no land nearer than the high bluffs of the mainland in sight.

Moss agates may be found in abundance on the pebbly beach, and when the sun shines they glitter with dazzling brightness.

The wild duck that frequent this part of the coast literally fill this inland bay, and the passing hunter, should he take a shot at them, will raise such a cloud and such a quacking that he will think all the ducks of the earth have gathered there. Occasionally some wild beast like a bear or a panther will be found crossing this bar, and the Indians have much sport when such a thing happens, the animal rarely escaping capture or death.

Here the Digger Indians abound, living on the shellfish, which they catch along the beach, seldom going over the ridge of hills to capture a deer, which are plentiful. It would astonish a Yale or Harvard football man to come upon this scene some bright morning at low tide and see the squaws and children playing lacrosse on the beach. They get so excited with their sport that they keep it up until the tide drives them from the beach, often staying there until they have to chase the ball down into the surf.—Detroit Free Press.

Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manner of pain, spending their all on physicians and "getting no better but rather worse," when right at hand there's a remedy which says it can help them because it's helped thousands like them. "Another patent medicine advertisement," you say. Yes—but not one of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this—

It does what it claims to do or it costs you nothing!

The way is this: You pay your druggist \$1.00 for a bottle. You read the directions, and you follow them. You get better or you don't. If you do you buy another bottle and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be sick when the remedy's so near at hand.

The American Woman and History. The American woman is, as a rule, singularly deficient in knowledge of the history of her own country. This is almost equally true of young and old, educated and uneducated women. The Englishwoman is far more likely to be found intelligent in this particular than is her American sister. A step in the right direction is the opening of a seminary for the study of American history in connection with the Harvard annex at Cambridge. The course is two years or one, at the option of the student, and the work consists mainly in the preparation of an elaborate thesis on some subject which will involve the study of the records of many years.

When a two year course is decided upon, one year is given to the collecting of material and the second to historical connection. All work is done under the supervision of instructors, and the libraries and colonial manuscripts of Boston, Cambridge and vicinity are open to the students. Some idea of the essays may be gained by noticing the titles of the list for 1891-2: "Manumission of Slaves," "The Speaker During the Constitutional Period," "Naturalization," "The Antislavery Movement Before 1890," and "The Ballot."—New York Ledger.

Laws Against Low Necked Dresses. A correspondent who has been unfavorably impressed by the recent police raids suggests a new field for official activity in the protection of public morality, as follows:

I find in my scrapbook a newspaper clipping where, under the heading of "Old Pennsylvania Laws," appears the following:

"If any white female of ten years or upward shall appear in any public street, lane, highway, church, court house, tavern, ballroom, theater or any other place of public resort, with naked shoulders (i. e., low necked dresses), being able to purchase necessary clothing, she shall forfeit and pay a fine of not less than \$100 nor more than \$200."

If this be really Pennsylvania law, still in force, it seems to me that the police officials at a recent ball were derelict in their duty as conservators of the public morals in not immediately sending for officers and patrol wagons when so many flagrant violations of the law must have been visible to them.—Philadelphia Record.

When You Are in Doubt About a Diamond. Put your finger behind the stone and look at it through the diamond as through a magnifying glass. If the stone is genuine you will be unable to distinguish the grain of the skin, but with a false stone this will be plainly visible. Furthermore, looking through a real diamond the setting is never visible, whereas it is with a false stone.—New York Herald.

THIRD PARTY TALK.

The Silver State, which advances sound arguments in favor of abandoning the old parties unless one or the other of them declares for free coinage and nominates a free coinage candidate, says in reply to "what are the arguments in favor of a third party?"

"The Silver Leagues have not yet advocated or even suggested a third party except in the contingency that neither of the two parties shall nominate a candidate for President who shall be unequivocally in favor of free coinage and stand upon a free coinage platform. When this contingency shall arise, and we have great fear that it will, then the true friends of silver, not only in Nevada, but throughout the country, propose to organize a third party upon the one sole and distinct issue of free coinage, put a tried and true silver man in nomination and electoral tickets in the field or cast their combined votes for the nominee of some existing party organization if he be sound and safe on this question. The popular sentiment of the country is for free coinage and a majority of the votes will be cast the same way if the voters are given opportunity by the press and politicians of both parties.

"But it is argued that if we cut loose from these two great parties Nevada will be left in the cold and we will not get free coinage at all; that if we are not in accord with one or the other we will have no friends at court or in Congress to plead our cause. That is, if Nevada stands firm for party and in accord with the party that wins in the national election, then for party considerations and to reward our fidelity to party it will grant us free coinage." Do these legislators think they are arguing to babes and sucklings? Can the Republicans assure us of electing the nominee of the Minneapolis Convention, or can the Democrats assure us of the election of the nominee of the Chicago Convention? Suppose Nevada goes for Harrison and Cleveland are elected, or it goes for Cleveland and Harrison are elected, then, according to the logic of these political doctors, we will be in a frightful fix. Has Nevada not stood for one or the other of these parties, and mainly for the one, ever since it entered Statehood? Has its fidelity to party been rewarded except by discounting its bullion from 25 to 33 per cent? They have now practically ruined our main industry; they can neither ruin nor help any other of our industries. So if the contingency named shall arise it is the part of wisdom and self respect and independent manhood to cut loose from them both, form alliances offensive and defensive with the silver element of the whole country, and, if necessary, wage eternal warfare against gold bugs, gold trusts, gold rings, their allies, abettors, sympathizers and apologists."

AGAINST SILVER.

Conventions have been held in several States this week, for the election of delegates to the Democratic and Republican National Conventions. It is noticeable that in every State where the Cleveland men are in the ascendancy, the Democrats content themselves with some platitudes about honest money, while in every State where the Harrison men control the convention, the Republican platform is unequivocally opposed to free coinage. In New Hampshire, the Republican Convention denounces free coinage as an attempt to rob wage-workers and pensioners. In New Jersey the Republicans express unyielding opposition to free coinage, and in Maine they endorse Harrison and oppose free coinage.

In Illinois the Democrats declare for a gold and silver standard and the fixing of a ratio by an International Monetary Congress, so that a parity can be maintained between gold and silver and the mints thrown open to free coinage. As the United States cannot compel other nations to attend a monetary Congress and European nations produce no silver worth mentioning, and are interested in keeping silver demonetized, there is nothing encouraging in the declaration. In Ohio, the Republican platform endorses Harrison and opposes the free coinage of silver.

In Missouri, the Republicans endorse the Administration, and commend the policy of the party in maintaining what they term "honest currency."

In New York, the Republicans oppose free coinage and in Pennsylvania the Democrats do likewise.

Under such circumstances it is child's play for Nevada to dally with Harrison Republicans or Cleveland Democrats. As a general rule they have their eyes on the few Federal offices in Nevada, and they enter no protest against the financial policy that closes our mines and mills, deprives miners of employment, and farmers of a market, and compels thousands of industrious citizens to leave the State.

Not a valid reason has been advanced for a Nevada to support Harrison or Cleveland for President. One calls himself a Republican, and the other styles himself a Democrat, but both are opposed to free coinage, and Wall Street and London brokers will spend money to nominate them, as they will be satisfied with the election of either. British gold is doubtless being used in the interest of both and the people of Nevada should see that neither gets the electoral vote of this State.

The Denver News says: "Let the South and West join hands and the next President will be a free silver man with a free silver Congress to back him. The battle is on. Hull has not spoken, but he has voted on the silver question and voted right. One vote is worth a hundred speeches when the vote stood 28 to 24."

Stewart and Bland pronounce the international monetary conference a humbug.

The Republican State Convention will meet in Virginia City to-morrow. The delegates cannot say that they represent party or people. In this country, one of the most populous in the State, the eighteen delegates will represent twenty-three voters. The Humboldt delegation will represent only a few voters in Winnemucca, and the Eureka delegates were appointed by the Central Committee. The plain unvarnished truth is that Nevadans are in dead earnest this year and cannot be deceived by Wall street pellets labeled "Republicanism or Democracy."

Says the Silver State: "The Reno Goldbug asserts that every Democrat will vote for Cleveland if he is nominated. The Goldbug, it seems, has a poor opinion of all Democrats except its few Cleveland allies, over whom it has been slobbering so much. The insinuation that every Democrat who has signed the silver pledge will violate it is beneath contempt."

Silver State: "The Enterprise-D O Mills-Gazette combine has a hard row to hoe. We have yet to hear of the first convert it has made to the gold bug cause."

News of Importance From Home and Abroad.

House Proceedings. WASHINGTON, April 28.—The House, after the routine business went into Committee of the Whole on the Diplomatic and Consular Appropriation bill. The pending question was on an amendment restoring \$7,500, the salary of the Minister to Venezuela. No quorum voted, and a call was ordered after several ineffectual attempts to secure a quorum, the Republicans refusing to vote. The Committee of the Whole rose and a motion to adjourn was lost.

Blount moved that the Sergeant-at-Arms be directed to bring in the absentees. This carried and the Sergeant-at-Arms secured several backs and deputies and proceeded to Benning's race track, but after considerable delay it became evident no business could be transacted and the House adjourned.

Blaine Before the Senate.

WASHINGTON, April 28.—Secretary Blaine appeared to-day before the Senate Committee on Commerce and made a strong argument opposing the pending joint resolution authorizing the landing of the French cable on the shores of Virginia and South Carolina, the objection being that the French Cable Company was co-operating with the Brazilian Government, which had an absolute monopoly of the cable privileges between the United States and Brazil, and if the resolution passed negotiations looking to the procurement of concessions to an American Cable Company to enter Brazil would come to naught. The Secretary appeared to be in excellent health and made the argument with spirit and emphasis.

An Embarrassing Error.

WASHINGTON, April 28.—John Jay Edison, Chairman of the Citizens' Committee of the Twenty-Sixth National Encampment of the Grand Army of the Republic, to be held here in September, has written a letter to Commander-in-Chief Palmer, stating that the Committee had asked Congress to appropriate \$100,000 from the funds of the District of Columbia to assist in paying the expenses of the encampment, and that in consequence of the erroneous belief that the appropriation was asked from the general funds of the Government, members of the G. A. R. had sent protests to Congress against the appropriation. Elson says the misapprehension is embarrassing to the committee and asks that it may be corrected as far as possible.

A Terrible Storm.

WINNIPEG, April 28.—Reports of the terrible storm are just coming in. Fully twenty miles of the Canadian Pacific wire west of here was blown almost out of the Province. The dead body of George E. Sundry, a blacksmith, was found near Burnham, twenty miles west of here, this morning. In Winnipeg people were blown off the sidewalks. It was impossible to see two feet ahead on the prairie. Fear is felt for the safety of vessels on Lake Superior. A dispatch from St. Vincent says: The worst blizzard of years, accompanied by snow and frost, has just blown over. Waves on the Red river were fifteen feet high.

Arrested for Embezzlement.

MILWAUKEE, Wis., April 28.—K. A. Linderfelt, Librarian of the Milwaukee Public Library, was arrested this afternoon on a charge of embezzling \$5,000 from the city. He is accused of duplicating bills for books and other supplies. Linderfelt is President of the National Library Association and is a highly educated man, being master of six languages, including Volapuk. Ambition to live 'high' and maintain his home beyond his means is given as the cause of his down fall.

Senate Proceedings.

WASHINGTON, April 28.—The resolution of Jones of Arkansas for the payment to the Choctaw and Chickasaw nations for their interest in the Cheyenne and Arapaho Reservations was laid before the Senate. Allison spoke against it. There was considerable discussion of the question in regard to the Choctaw and Chickasaw claims, but without disposing of the question the Senate adjourned until Monday.

To Meet in London.

WASHINGTON, April 28.—It has been arranged that the ratifications of the Behring sea treaty arbitration between the United States and Great Britain shall be exchanged at London next week, instead of at Washington, as originally intended. The change was made in order to expedite the final settlement of the negotiations.

Another Duel. BROWNSVILLE, April 28.—There has been another duel as a sequel of the Fox-Barrowe meeting. Comments in clubs, cafes and public places generally were not restricted, and as a result varied comments of the duel took place Wednesday evening between Harry Vase Milbank and a Frenchman whose name is not divulged. The cause of the affair was a remark made by the Frenchman regarding the character of the Fox-Barrowe meeting. The Frenchman was wounded in the hip. Whether the wound is serious is not known, all details of the matter being kept a secret.

Scotch-Irish in Congress.

ATLANTA, Ga., April 28.—The annual congress of the Scotch-Irish Society of America was called to order in the House of Representatives by President J. N. Craig of the Atlanta society. Governor Norther of Georgia and Mayor Hemphill of Atlanta welcomed the Congress. Among those present were Robert Bonner, President of the National Society, A. M. Charlton, of Omaha, and A. C. Floyd, Secretary of the National Society. President Bonner responded to the address of welcome. A poem of welcome written by Frank L. Stanton was then read.

Will Decline to Surrender the Prisoners.

CHEYENNE, Wyo., April 28.—Governor Barber's reply to the demands of the Deputy Sheriff of Johnson county is not yet ready. He will, it is said, positively decline to turn over the prisoners at this time. Matters remain in statu quo until information against the stockmen is filed by the prosecuting attorney. The attorneys for the defendants will then apply for a change of venue on the grounds that excitement prevails in Johnson county. Two newspapers opposed to the rustlers have been suspended.

William Astor's Funeral.

PARIS, April 28.—The funeral of William Astor took place to-day at the American Episcopal Church. The services were strictly private.

Usefulness of screens.

If you look at the reverse side of many of the pretty screens whose only object seems to be to be fair, you will find them fitted up with all sorts of useful devices. Some of them have sets of shelves for books, cut glass, cups, saucers and toupies, some, bands of ribbon stretched tightly across that hold photographs, unnumbered letters or engagement list. If in the library, they are sometimes set with gift books as well as shelves and hold the pipe, tobacco pouch, matches, etc. In sewing rooms, cushions for pums and needles, scissors, and a bag for scraps and dust cloth are attached. In bedrooms, the shelves hold pastes or perfumes, maybe books of devotion, while one boudoir screen with Watteau figures on its face is almost as attractive on the other side, as it is hung with luncheon souvenirs and cottonion favors.—New York Post.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health. At this season, when every one needs a good medicine to purify, vitalize, and enrich the blood, and we ask you to try Hood's Sarsaparilla. It strengthens the system, creates an appetite, and tones the digestion, while it eradicates disease. The peculiar combination, proportion, and preparation of the vegetable remedies used give to Hood's Sarsaparilla peculiarly curative powers. No other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Peculiar Medicine, and is worthy your confidence. Hood's Sarsaparilla is sold by all druggists. Prepared by C. L. Hood & Co., Lowell, Mass. 100 Doses One Dollar

There is no comparison between the merits of "Seal of North Carolina, and that of other smoking tobaccos, millions of veteran smokers advertise it daily by smoking "Seal" and using no other. A reputation made as "Seal" has on merit, cannot be hurt by promises. A smoking tobacco that is in daily use must be good, to hold the popular taste as "Seal" has done, while hundreds of competing brands have passed into oblivion.

It is reported that the passenger train on the V. & T. Railroad will arrive from Virginia and Carson on and after May 1st about 8:05 p. m. and will leave Reno at 8:15 a. m.

The JOURNAL acknowledges the receipt of a complimentary ticket to the grand ball to be given by Company C, N. N. G., at their Armory in the Pavilion this (Friday) evening.

John R. Bradley yesterday received a telegram stating that Dr. J. J. Meigs of Elko, who was blood poisoned by pricking his finger while amputating a tramp's leg, was out of danger.

T. K. Stewart left for Battle Mountain last night, where he goes as a witness in the case of Crum vs. Danphy, the testimony in which case is now being taken before a Court Commissioner at that place.

The JOURNAL is indebted to the N.C.O. Railway for a copy of the new time card which takes effect May 1st at 7 a. m. The accommodation and mail train for Chat and Amelie leaves Reno daily, Sundays excepted, at 8:50 a. m. and arrives at 4:45 p. m.

Mr. Sanders, the undertaker, received a dispatch from San Francisco last night informing him of the death of Mrs. C. W. Perry, and that Mr. Perry will be here with the corpse on the 10:20 train to-night. Mrs. Perry was well known and highly respected in Reno and her husband, clerked for Folson & Wells for years. The lady died at the German Hospital yesterday. She had been ill for several months. She leaves two children—a boy and a girl—aged ten and fourteen years respectively.

An invitation is extended to homeseekers to visit Amelie, the terminus of the N.C.O. Railway. There are a quarter million acres of rich land with water in the vicinity and a \$25,000 hotel, and a number of business houses are being erected at the station. Capitalists who have examined the situation thoroughly, say that while there are many fine farms, and opportunity to make many more, as soon as Eagle Lake is tapped, in Honey Lake Valley there is no town, and they propose to build one at Amelie, which is a central point. A sixty-ton steamer has been ordered for Honey Lake, and as soon as it is completed, communication will be established between all points west of the lake and Amelie.

The Old Way

Is to take pills when you are constipated or bilious, but they don't go down easy, and when they get down there is a shudder. The better way is to take Simmons' Liver Regulator, nature's own remedy, purely vegetable, in liquid or powder form. You can take a pinch of the powder on the tongue, and with a sup of water swallow it without taste. The Regulator tones up the digestive organs and prevents indigestion and constipation.

Attention, Free Coinage Men.

Voters of Washoe county who are better citizens than partisans, and who believe in the free and unlimited coinage of silver, are invited to meet at the Court House on Tuesday, May 3d, 1892, at 7:30 p. m., for the purpose of organizing a Silver Club.

free and unlimited coinage of silver at the ratio formerly fixed by law.

Resolved, That we view with alarm any and all attempts to postpone action on the silver question as being dangerous to the people and as mere excuses to defeat silver legislation.

Resolved, That we hold in high esteem all statesmen who stood by the people and carried out their pledges.

Resolved, That we extend our sincere thanks through the Hon. H. F. Bartine to the Hon. H. P. Bland and all who stood so firmly by the people.

Resolved, That the Chairman be requested to furnish the Hon. H. F. Bartine a copy of the foregoing preamble and resolutions.

Hon. T. H. Wells offered the following resolutions which were read and adopted unanimously:

Resolved, That it is the duty of the electors of Nevada and all other silver producing States and of all farmers, mechanics and other laborers to support for President, Vice President, Senators, and Congressmen, only such good and true men as favor the remonetization of silver and its free coinage and the overthrow thereby of the gigantic fraud of 1873, where the producers of the white metal and the agriculturists of the United States have been robbed under color of law, of a large proportion of their honest and well earned rewards of arduous toil.

Resolved, That we pledge ourselves to oppose by all honorable means the election to any above named office of any man who willfully sided in the perpetration of said fraud or who now declines to aid in checking its evil effects upon an outraged people.

Three rousing cheers were then given in honor of the speakers of the evening and for the success of the Nye County Silver Club.

LYON COUNTY SILVER MEN.

In Arms and Training for the Fight

DAYTON, Nevada, April 27, 1892.

EDITOR NEVADA STATE JOURNAL:—As your paper has taken such a leading part towards making the Silver League movement such a brilliant success in this State, I shall try and make a point to keep you informed from time to time how the movement is progressing in this part of the country. The Dayton Silver League met at the Court-house last Monday night and elected a County Central Committee.

Messrs. F. Fairbanks and J. E. Gignoux were elected delegates to the State Convention.

The people of Silver City assembled at Armory Hall last Saturday night and organized a Silver League. T. Wayne was elected Chairman and J. Quinn Secretary. The present membership is 60, but the number is fast increasing.

Both the Virginia Enterprise and Reno Gazette are denounced by everyone in terms of unmeasured contempt for the cowardly and pusillanimous attitude they have taken in regard to the third party movement, and it is amusing to witness the contortions and gyrations of the Enterprise in its separate and frantic efforts to show that the people are a lot of fools for joining the Silver League and that it and its twin brother, the Gazette, are the only two men in the State who are sharp enough to see through what he so facetiously calls the "Cleveland-Cassidy Club Trick." But they are getting their just rewards for it, and it is almost needless to say, that neither paper has scarcely a subscriber left in this part of the country.

Any paper in the State of Nevada that will urge the people to vote for an anti silver candidate for President is a traitor to the cause of free coinage and deserves to have the brand of infamy eternally marked on its brow.

Reno Guard Dance.

The dances to be given by the Reno Guards will take place to-night, and promises to be the social event of the season. The boys have been busy for the last ten days making arrangements, and nothing will be left undone to please all who attend. There will undoubtedly be a large attendance, as a large number of tickets have been sold. The finest of music has been secured for the evening, and the program contains a long list of popular dances, so that all who attend can go home after it is over fully satisfied that they have had all the dancing one could desire in an evening. Tickets are only one dollar, admitting gentlemen and ladies, which is within the reach of all. All who can attend should go and enjoy themselves and help the Guards along.

OPENING EXPRESS ROUTES.

It Looks Like Old Times in Wells, Fargo & Co's. Office.

Wells, Fargo & Co's. Express, which for forty years past has been the pioneer letter, money and package carrier at every mining camp on the Pacific coast, will commence running express on the N.C.O. May 1st to Northern points. From Chat, the first station north on the N.C.O., express matter will be carried by stage to Summit, Beckwith, Mohawk, Johnsville, Eureka Mills, Quincy, Spanish Ranch, Crescent Mills and Greenville in Plumas county. From Amelie at the terminus of the N.C.O. stages will carry express to Jameville and Susanville, in Honey Lake Valley, and to Cedarville, Fort Bidwell and Alturas, in Modoc county, California. Route Agent Rockwell is now here making arrangements to commence the service, and twenty or more iron bound, robber proof boxes for the stages and two cases for the express cars have arrived here to start with. Communication by express will be a great convenience to the people of the north country. The heavy, iron bound express boxes in Wells, Fargo & Co's. office gives the place an old time appearance.

Card of Thanks.

The Reno Lyceum management desire to publicly express their thanks to the members of the Reno Elite Minstrels and to their manager Mr. Hyman Fredrick in particular for the substantial donation of the sum of \$115.55 as the proceeds of their entertainment of the 19th inst., for the benefit of the Reno Lyceum. The kindly generosity is as warmly appreciated for the intent itself, as for its happy results.

THE LYCEUM MANAGEMENT.

To Whom It May Concern.

Action has been taken on the part of many, and particularly on the part of Mrs. W. D. Hardin of Steamboat, who have friends laid away in the cemetery at Washoe City to place the grounds in a better condition than they are now in. Many graves are in such form that it is impossible to properly locate them. Those having relatives or friends buried in the grounds are requested to meet at the cemetery on May 10th next at 10 o'clock in the forenoon for the purpose of giving such aid and information as they can give in the matter of properly locating the graves of departed friends. By request,
